

Becoming a Love & Logic Parent®: Parenting Workshop

MedCare Pediatric Group offers several education programs to strengthen local families and better enrich the lives of children in our area. The Becoming a Love & Logic Parent® Program is a proven parenting course developed by a nationally recognized expert in parenting and discipline. The founder, Jim Fay, utilized his over thirty years of experience to develop an effective and sensible parenting approach which has resulted in numerous success stories featured in the national media. This unique program teaches parents and teachers practical skills to better handle the day to day frustrations of parenting and teaching. Medcare is pleased to offer this sought after parenting course to our community. If you'd like to learn those skills to become a more confident and loving parent, we encourage you to sign up for this series. For more information on the program, visit www.loveandlogic.com or call our office.

Get answers to these and other questions:

**"How do I get them out of bed in time to catch the bus?"
"How can I stop my children from bickering and fighting?"
"How do I get my children to help without an argument?"**

Here's what parents are saying about this program:

"Love & Logic Works like nothing I have ever seen. I have a 13 year old son with mild autism and for us the Love and Logic program has worked brilliantly."

Brenda, Sacramento, CA

"I can honestly tell you that bed time isn't a chore anymore. I'm glad that we've started using Love and Logic early in our children's lives."

Todd, Manitowoc, WI

"After only one week my kids are listening to me, obeying me, staying in time-outs (of which there are less) and there is much less yelling and spanking going on. Thank you sooo much."

Michele, Plano, TX
